PRODUCT-LINE ASSESSMENT / ACE PRO 2 AS FLAGSHIP PROOF POINT

**Across the Ace Pro line, product proof is strong.
Brand memory remains fragmented.**

PROOF IS NOT POSITIONING.

Until every feature points to one human value, Ace Pro is easier to compare than to remember.

TODAY

Smart all-rounder

OPPORTUNITY

**Confidence for
the unrepeatabl**

Across the line, communication is rich in claims - and poor in hierarchy.

FLAGSHIP PROOF / ACE PRO 2

WHAT BUYERS GET

USEFUL

Low light / self-shoot / faster edit

WHAT MEMORY KEEPS

GENERIC

Professional / versatile / premium

The gap is translation: feature > utility > human meaning > memory.

CONSUMER INSIGHT / JOBS TO BE DONE

The hidden competitor is capture doubt.

CIRCUMSTANCE, NOT DEMOGRAPHICS

- | | | |
|----|--------|----------------------|
| 01 | BEFORE | Am I ready? |
| 02 | DURING | Did I get it? |
| 03 | AFTER | Is it worth sharing? |

When life will not reset, help me stay inside the experience - and still come away with a story worth sharing.

JTBD: functional, emotional and social progress. Reviews and public user signals are directional, not incidence data.

ACE PRO / ONE TAKE. ACED.

Own the unrepeatable - a space competitors do not yet narrate.
